

rpb[®] NOVA 2000[™]

ADVANCED ABRASIVE BLASTING HELMET

ISO9001
CERTIFIED COMPANY

Safer, tougher and more comfortable

As you know, your blasters must be as comfortable as possible to obtain maximum productivity. How can you increase your productivity? The RPB® Nova 2000™ is your solution, having been designed specifically for blasting, focusing on improved operator comfort to boost employees' performance. It meets worldwide respiratory protection standards including NIOSH, CE and AS/NZS.

The high standards required of a modern work environment make onsite health and safety top priority. Aside from injuries to valued employees, there are the potential costs of business interruption, non-compliance and negative effects on your company's reputation that need to be considered. The Nova 2000™ minimizes the risk to your employees and your business.

NIOSH

Type CE Supplied Air Respirator

Adding to the list of Safety Standards, the RPB® NOVA 2000® meets the requirements of ANSI Z89.1 - 2010+ Head Protection and ANSI Z87.1 - 2012 Type 1 Class C, high velocity eye protection standards, and exceeds the requirements of AS/NZS.

BOOST PRODUCTIVITY WITH THE RPB® "FIT & SAVE™" LENS SYSTEM

Contractors have reported a time saving of over 45 minutes per day per blaster by using the RPB® "Fit & Save™" tear off lenses that have individually pre-folded tabs, meaning workers are guaranteed to tear off only one lens at a time.

Air duct distribution system directs airflow into the breathe zone, prevents fogging and keeps workers cool.

Hand strap for easy transportation and storage

Super tough helmet shell that is U.V. stabilized and abrasion resistant

Multi layered sound deadening foam for hearing protection

Large double lens for increased vision

Abrasion resistant cape cover band

Choose from 5 cape options

Snug detachable inner bib

Secure cape attachment

Made in USA.

Low flow indicator
(CE, AS/NZS approved models only)

Lightweight pillow foam padding
provides exceptional comfort

The RPB® Nova 2000® pairs perfectly with these products and more:

RPB® RADEX FILTER™

Polluted air can be the cause of major health issues, so how can you improve the quality of the air your employees are breathing?

The RPB® Radex™ Airline Filter exceeds industry filtration standards so you can be assured that your workers won't suffer the consequences of breathing contaminated air. The Radex Airline Filter is fitted with a large capacity, 6-stage filter cartridge that removes moisture and particulates to 0.5 micron and odor from the compressed air stream, providing clean, breathable air.

RPB® C40 CLIMATE CONTROL DEVICE™

Working in an environment where the temperature is comfortable is key to maximizing productivity. So how can you ensure that your employees are productive?

Your solution is the RPB® C40™, which can heat and cool your supplied air as desired. With the slide of a lever, your employees can switch from heating to cooling ensuring they are always comfortable.

RPB® GX4 GAS MONITOR™

As you know, dangerous levels of toxic gases can cause fatal injury or death. How can you have complete confidence that the air you and your employees breathe is safe?

Your solution is the RPB® GX4™, an intelligent gas monitor that has the ability to detect up to 4 gases, giving you peace of mind.
